

The Interior Journal.

E. C. WALTON.

THE Department of Agriculture at Washington is awaiting the distribution of 38,000,000 packages of vegetable and flower seeds to begin December 1. Congress appropriated \$290,000 for the purpose, and while the seeds generally are no account they serve to make a constituent believe that his Congressman has not forgotten him and ties him for another vote. The whole business is a fraud used by Congressmen for election purposes.

A GERMAN statistician has been calculating what part of a woman's life is spent before her mirror. He begins with six years and ends with 60, and makes the time consumed in all the intervening periods of 7,000 hours, or about 10 months of life. The statistician is a poor calculator. The average woman spends half her life before the mirror and would spend the other half if she did not want to show others how pretty she is.

FROM the following dispatch sent from Lawrenceburg one would conclude that heretofore the county judge and county attorney have virtually donated their services to the county: "At a meeting of the fiscal court of Anderson county the salaries of County Judge John B. Shelby was raised to \$600 and that of County Attorney W. H. Morgan to \$400." The dispatch failed to state what these poorly paid officials got before the raise.

THE Lancaster Record says that the Legislature will stand 63 for Blackburn and 43 for Paynter for U. S. Senator. Prof. Hughes, who is the Record's political prophet during Editor Landram's absence, is the worst ever, as we have learned from past experience. At the lowest estimate Paynter will get 75 votes. Any way he will get enough to win in a walk and make Blackburn look like 30 cents.

KNOWING ones say that if Senator Blackburn is defeated for U. S. Senator, which he will be, he will run for governor. In the event he gets the nomination there will be no danger of his taking the stump for John W. Yerkes, a threat he made in Cincinnati some months ago. Nominating Mr. Blackburn might save trouble. Suppose we make him the prohibition nominee for chief executive?

PRESIDENT ROOSEVELT says that Judge J. H. Tinsley, of Barbourville, will be reappointed District Attorney for the Eastern Division of the Federal court and that should settle the matter. Now let him say that Hon. George M. Davison, of this place, will continue as Mr. Tinsley's assistant and all will be well.

EDITOR ALBRIGHT, of the Mt. Vernon Signal, is rejoicing over the arrival of a pretty little daughter, who with handsome father and mother, should make a beautiful woman. By the way, a great many good things are coming Brer Albright's way and we rejoice at fortune's smile on him.

COLLIER'S says that several of the patent medicines are "nothing but cheap cocktails." If this is true it is the biggest "ad" the medicines ever received. People in prohibition sections will fall over themselves in the rush to get them.

SENATOR BLACKBURN and his henchmen had a meeting at Frankfort Saturday. It is not given out what was done but it is generally conceded that the distinguished gentlemen were trying to pick an easy place for the silver tongue Senator to fall on.

ANOTHER republican paper has turned its toes to the daises. The Dover Public Messenger, published in Mason county, has gone up the flume.

A DETROIT atheist has erected a statue to the devil. The chances are he will see how his satanic majesty appreciates the honor.

EVEN money W. B. Haldeman does not start in the Senatorial race and 10 to 1 he does not reach the quarter pole if he does.

Justice Giegerich, of the New York Supreme Court, rendered a decision on the method of marking ballots which will largely increase the vote of W. T. Jerome in the recent municipal election.

The senatorial campaign in Tennessee is under full headway, with Senator E. W. Carmack seeking to succeed himself and former Gov. Robert L. Taylor as his antagonist. The primary will be held next May.

By a vote of 8 to 5 the Board of Consulting Engineers of the Isthmian Canal Commission decided in favor of the sea-level plan for the Panama canal. The foreign engineers are said to have turned the scale in favor of sea-level type.

Counsel for W. R. Hearst will apply to the New York Supreme Court for an order to open the ballot boxes in the mayoralty race. A number of small errors have been found in the tally sheets. The grand jury yesterday handed down six more indictments in election cases.

It developed that threats had been made by anonymous letter writers against the life of Prince Louis of Battenberg, and that he had appealed to the New York police department for protection.

David O. Robinson, a guard at the Frankfort penitentiary, who was shot at the time of the outbreak in 1884, will enter suit for reinstatement to a lifetime position. The suit will be based on a resolution of the Legislature.

G. B. Burhans Testifies After Four Years.

G. B. Burhans, of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble."
